

A region with many facets

Campus Saarbrücken

Campus Homburg: Faculty of Medicine

15.983 students (term 2007/2008)

Among them:

Foreign students 2.547

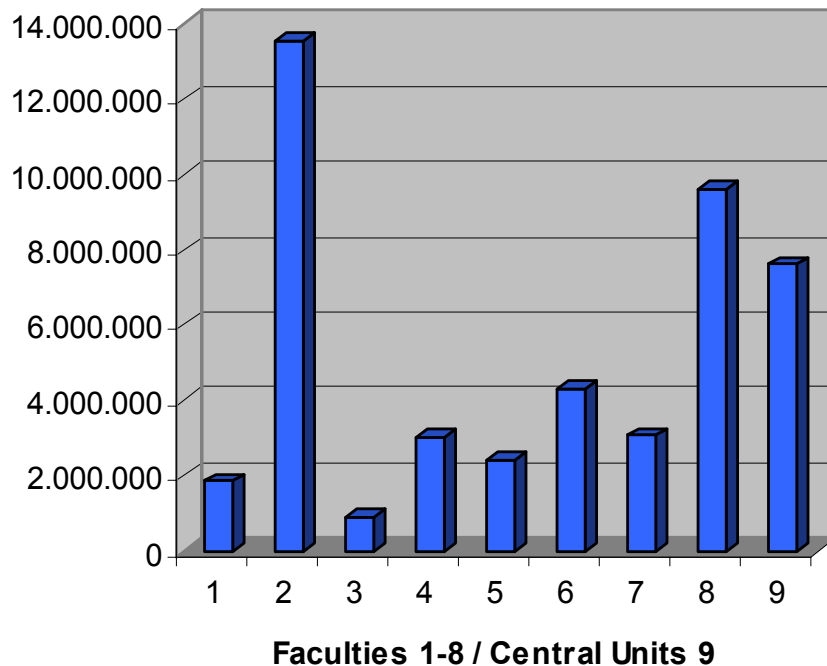

Budget and Number of Personnel (Term 2007/2008)

| | |
|--|--------------|
| Total number of personnel | 2.091 |
| among them professors | 282 |
| | |
| Global Budget | 141,8 Mio. € |
| Means acquired by the university 2007 (industry, research promotion etc.) | 46,3 Mio. € |

Means acquired by Saarland University in 2007

- 1 Faculty of Law and Economics**
- 2 Faculty of Medicine**
- 3 Faculty of Humanities 1**
History and Civilization Studies
- 4 Faculty of Humanities 2**
Languages, Literature and Cultural Studies
- 5 Faculty of Humanities 3**
Social and Applied Human Sciences
- 6 Faculty of Natural Sciences and Technology 1**
Mathematics and Computer Science
- 7 Faculty of Natural Sciences and Technology 2**
Physics and Mechatronics Engineering
- 8 Faculty of Natural Sciences and Technology 3**
Chemistry, Pharmacy, Bio- and Materials Science

Adoption of Bachelor- / Master-Degrees

- structure and transparency of courses of study is improved
- duration of studies can be shortened
- drop-outs will be minimised
- education systems become more flexible
- international compatibility of degrees is provided

New Courses of Study

Language Science and Technology

**Computer Engineering and
Communication Technology**

Visual Computing

New Courses of Study

Bioinformatics

Biotechnology

Nano- and Microstructures

Mechatronics

**Exchange of Students
with other universities e.g.**

Sorbonne / France

University of Aarhus / Denmark

Macquarie University-Sydney / Australia

Shanghai Jia Tong University / China

Universidad de los Andes / Columbia

Université Quebec / Canada

Universidad Cádiz / Spain

Lomonosov Universität, Russia

Universität J.J. Strossmayer Osijek / Croatia

Kumatoto University / Japan

Research Institutes surrounding Saarland University

**German Research Center for
Artificial Intelligence**

**Max-Planck-Institute for
Computer Science**

**International Conference and
Research Center for
Computer Science**

**Institute of the Society for
the Promotion of Applied
Information Science**

**UNIVERSITÄT
DES
SAARLANDES**

**Institute for
Advanced Materials**

**Media Psychology Research
Institute of Saarland**

**Korea Institute of Science
and Technology Europe**

**Institute for Preventive
Medicine Homburg**

**Fraunhofer-Institute for
Nondestructive Testing**

**Fraunhofer-Institute for
Biomedical Engineering**

UdS is one of the most innovative universities in Germany

After having interviewed over 250 companies, the business paper „Handelsblatt“ in 2007 characterised Saarland-University as one of the most innovative universities in Germany.

It scored extraordinarily well especially in the fields of IT, biotechnology and chemistry/pharmacy.
